Below are many philosophical questions. Write each one in the most appropriate box on the second page based on which branch of philosophy it fits best in.

1. Are you a fair person?
2. How can you tell when you know something?
3. Are there some arguments that have to be true?
4. Can something logical ever not make sense?
5. Is it ever OK to lie?
6. If a tree falls in a forest and nobody is around, does it make a sound?
7. Is something true just because a lot of people think it’s true?
8. Is something more beautiful if it’s natural, or if it’s made by people?
9. Are there times when you should be violent?
10. Can computers think?
11. Is beauty a matter of fact or a matter of taste?
12. Do animals have rights?
13. Does every question have an answer we can know?
14. What is the meaning of life?
15. When is it OK to treat people differently?
16. Is there anything that could not ever be true?
17. What was there before the universe began?
18. What is the purpose of life?
19. Can you ever know what another person is thinking or feeling?
20. Do we control technology, or does technology control us?
21. Should you be rewarded with money for your efforts in school?
22. What makes a good friend?
23. Are numbers as real as people?
24. Do some peoples’ opinions matter more than others?
25. Is the sentence “I am lying,” true, false, or neither?
26. Are you the same person you were 5 years ago?
27. Can you be 100% sure that 2+2=4?
28. What is the purpose of art?
